SPA HAVEN

45 Amoy Street
Tel: 6221 2203

No woman should ever walk around with a hairy upper lip. The best way to remove it is waxing or threading. Plucking your upper lip will only cause internal bruising. At Spa Haven, only hard wax is used as it doesn't stick to your skin but 'cling-wraps' around individual follicles to make sure every single strand and root head is removed to leave you a smooth upper lip. Only disposable tools are used. Services start from \$10 and takes less than 15 minutes to complete. You'll have it fuzz free for three weeks.

Come here for a first-rate upper lip waxing at \$30.
